---

## Professional Experience

## **Devry Smith Frank LLP — Toronto, ON**

**IT Systems Analyst** | Mar 2024 – Present

- Primary onsite IT lead supporting 100+ users, owning end-to-end support operations with selective Tier 2/3 escalations
  - Execute SQL Server queries to onboard workstations into the Document Management System; review logs and support migration of legacy data to iManage Cloud
  - Administer SonicWall SSL-VPN access, including WAN IP validation, trusted security group updates, and least-privilege access controls
  - Provision and manage Azure AD identities, Duo MFA, Intune device compliance, domain joins, and application deployments
  - Perform server health checks (SQL and print services), trace patch-panel ports, and troubleshoot DNS/DHCP connectivity issues
  - Author SOPs and user guides for VPN/RDP access, boardroom systems, and default application configurations
  - Reimage and recover devices, retrieve administrative credentials using Hiren's Boot, configure IP phones, and support executive-level Teams/Zoom meetings
- 

## **Trillium Health Partners — Mississauga, ON**

**IT Support Technician** | Nov 2023 – Feb 2024

- Managed inventory of 1,000+ hospital IT assets across multiple locations using SharePoint
  - Diagnosed and resolved workstation and peripheral issues; trained new team members on SOPs and workflows
- 

## **Alectra Utilities — Mississauga, ON**

**IT Support Analyst (Co-op)** | Jan 2023 – Apr 2023

- Imaged and deployed 50+ SCCM-managed laptops and tablets; joined devices to Active Directory OUs and collections
  - Provided Windows and macOS hardware support and pre-deployment readiness testing
- 

## **City of Mississauga — Mississauga, ON**

**Hardware Support Analyst (Co-op)** | May 2022 – Sep 2022

- Delivered onsite and remote technical support for municipal users
  - Configured and supported network-connected devices and peripherals
- 

## Certifications

- Microsoft Certified: Azure Fundamentals (AZ-900) — 2024
  - CompTIA Network+ — 2025
  - Microsoft Azure Administrator (AZ-104) — 2025
  - Linux: Beginner to Advanced (Udemy) — 2023
- 

## Education

### **Ontario College Diploma — IT Infrastructure & Services**

Sheridan College | Sep 2021 – Aug 2023
